Stepping Into the New Millennium

As the clock struck midnight on December 31, 1999, the day changed, the month changed, the year changed, the decade changed, the century changed, and finally the millennium changed. We were all stepping into the new millennium.

The last millennium brought us many lasting images, many memories that could not be forgotten. Our yearbook is full of those memories and images, images of all the events that took place this year at Trexler. We think of the first dance where we all had a great time. Also, the first sporting event of the school year where all of the athletes tried their best and put their hearts into the game. Images of all the students that walked the Trexler halls, the many teachers who helped us along the way, these are just a few of the lasting images and the unforgettable memories of the old millennium at Trexler.

We all hope the new millennium will bring us many great memorable moments. Even though we are only a few months into the new millennium, it has already brought us some terrific memories. We were able to capture some of those images and print them in this yearbook. Memories of the last sports of the year were great. Memories of the oratorical contest, spelling bee, field trips, the terrific assembly programs and so much more.

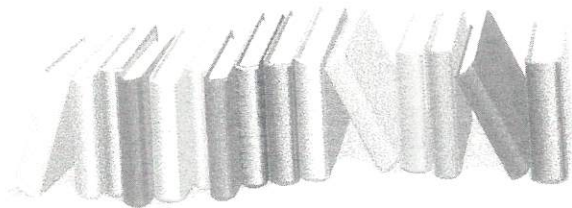

This school year was special because we went from one millennium to another. The students at Trexler were super this year. They are the ones that created the memories in this yearbook. The teachers were also great. They also contributed to creating these wonderful memories.

When we look through the yearbook, we see a combination of pictures from the old millennium and from the new millennium. We can see that this year has truly been wonderful. It was full of the memories that will last a lifetime. Some day we will be able to tell our children and our friends and family of the fond memories we had at Trexler Middle School. As we look back at the great times we had in the old millennium, we hope this new millennium will be just as great, if not better.

Principal's Message

Principal, Mr. Raymond D. O'Connell

The students and faculty of Trexler Middle School strongly believe in personal responsibility. When you go through the pages of this book you will see Trexler pride richly etched onto each and every page. From the great sporting events to interesting field trips to chorus concerts and band and orchestra activities along with all the wonderful classroom projects- Trexler is brimming to the top with so many wonderful events.

Trexler students also show personal responsibility when it comes to helping others. They helped the needy with food and clothing, and also helped those who suffer from M.S. It really makes me proud to see one student helping another.

You are what makes Trexler the best and you are what makes me proud to be your principal. Special wishes go out to our eighth graders as they leave us and go on to high school. We wish you well and hope that all your dreams come true.

Dean of Students, Mr. Dave Silfies

Assistant Principal, Mr. Ron Kreitz

To Get from Here to There

It's hard to get from here to there if you never get outta' bed. You lie a lot to fool your friends, but you fooled yourself instead. It's hard to get from here to there, if you set your goals too high. Then nothing works out right, too soon you no longer try. But the hardest way to get from here to there is when all you ever do is count up the years, and miles to go. Then you're through before you're through. So how do you get from here to there? Well you must first believe you can let no one tell you differently. It's your life and it's in your hands. Then you turn your dreams into your goals. And see what you need now. The why, the where, and the how. At first you're overwhelmed of course. There is so much you don't know. But keep your faith, be strong and sure, for you do have a way to go. Take careful steps and do them right, take pride in each thing done. Don't look too far ahead of yourself, just that next step yet to come. Before you know it, you'll be there. Your dream will then be real. And you'll be standing here where I am now, telling others how good it feels. You'll tell them not to quit themselves, to have faith though it's hard to bear. So they will know it can be done - They, too, can get from here to there.
