Shining
Stars

Some stars burn bright in solo spots
Like diamond dots on velvet.
Some gather and gleam behind the scene —
The sky's own tinsel blanket.

Alone and bold; in glittering groups;
A thousand trillion clusters;
The cosmos has all kinds of stars
Each adding to the luster.

Would a star wish to shine
The way another glows?
Could it be they do not see
A sparkle of their own?

In the universe of galaxies
Expanding throughout time,
There are no stars who don't give light;
There are lots of ways to shine.

THE HOME OF THE BULLDOGS.

2006 2006 2006 2006

As bulldogs leave pawprints behind, Trexler students leave their memories every step of the way. Memories will decorate our minds like the cover of this yearbook. Students at Trexler take pride in their achievements, such as making honor roll and sports teams. Remember a Trexler event this year? Did you meet anyone special at the dance? Put your soul into a sport, or maybe a club? Remember the teacher that changed your life? These are our pawprints that make this year one of a kind!
